## Rochester RHIO Appoints Harary as Chief Financial Officer

**ROCHESTER, N.Y., May 29, 2019** – Rochester RHIO announces the appointment of Oren Harary as chief financial officer. He brings nearly twenty years of experience in health care administration, clinical and financial operations. He succeeds Arthur Glaser, who retired in May.

For the past six years, Harary served as chief department administrator in the Department of Anesthesiology and Perioperative Medicine at the University of Rochester Medical Center, where he oversaw clinical, business and financial operations. Immediately prior, Harary held strategy, finance and operations leadership positions at Columbia University, Columbia Technology Ventures and Columbia University Medical Center.

He holds an MBA from Columbia Business School, a Master of Public Health degree and Bachelor of Science degree from the University of Michigan.

“Oren is a dynamic, proven health care leader who is well-versed in complex strategic initiatives,” said Jill Eisenstein, president and CEO of Rochester RHIO. “He is adept at process design and operations, building and motivating diverse teams and managing change to launch projects on time and within budget. We’re thrilled to have him join the RHIO, especially as we continue to make an even greater impact on the future of the region’s health and well-being.”

Harary is a Fellow of the American College of Healthcare Executives (FACHE) and a prior Fellow of the Rochester Healthcare Business Academy Fellowship Program. He is an active volunteer in the Rochester community and coaches Brighton Little League baseball.

Harary resides in Brighton with his family.

### About Rochester RHIO

*Rochester RHIO is a secure electronic health information exchange (HIE) dedicated to serving New York's Greater Finger Lakes region, including Monroe, Allegany, Cayuga, Chemung, Genesee, Livingston, Ontario, Orleans, Schuyler, Seneca, Steuben, Wayne, Wyoming and Yates counties. Its suite of services allow health care professionals to securely and rapidly share records across institutions and practices, making patient information available wherever and whenever needed to provide the highest quality care. Patients benefit from fewer repeated tests, missing records and errors, while receiving more informed care during office visits and emergencies. RHIO's health information exchange process more than seven million clinical messages a month for 1.4 million residents. RHIO is a Qualified Entity of the Statewide Health Information Network of New York (SHIN-NY). For more information, visit RochesterRHIO.org or 877-865-RHIO (7446).*
