

Rochester RHIO Core Services Fee Schedule

Qualified Entity Name:

Rochester RHIO

Geography Served:

Allegany, Chemung, Genesee, Livingston, Monroe, Ontario, Orleans, Schuyler, Seneca, Steuben, Wayne, Wyoming and Yates counties.

Introduction:

Effective April 1, 2014, the Qualified Entity (QE) listed above receives public funding from New York State to provide a variety of technology services to its members as part of the Statewide Health Information Network of New York (SHIN-NY). QEs must use these funds to provide a minimum set of services (“dial tone” services and member facing services) to their members at no charge. QEs are permitted to offer additional services as “value added” services to their members for which they may collect a fee. This document provides a summary of available services as of the date listed above. New York State QEs are required to provide this disclosure to prospective QE participants and upon request at any time. Up to date disclosure forms are posted here: www.RochesterRHIO.org.

For additional information on NYS QE Dial tone services see:
